Accountancy, 2nd Year · October 16, 2026

Today, school work lives on paper and spreadsheets

Slow

Students line up, and staff retype the same details at every window.

Error-prone

A wrong amount, a missing document, a payment in the wrong account.

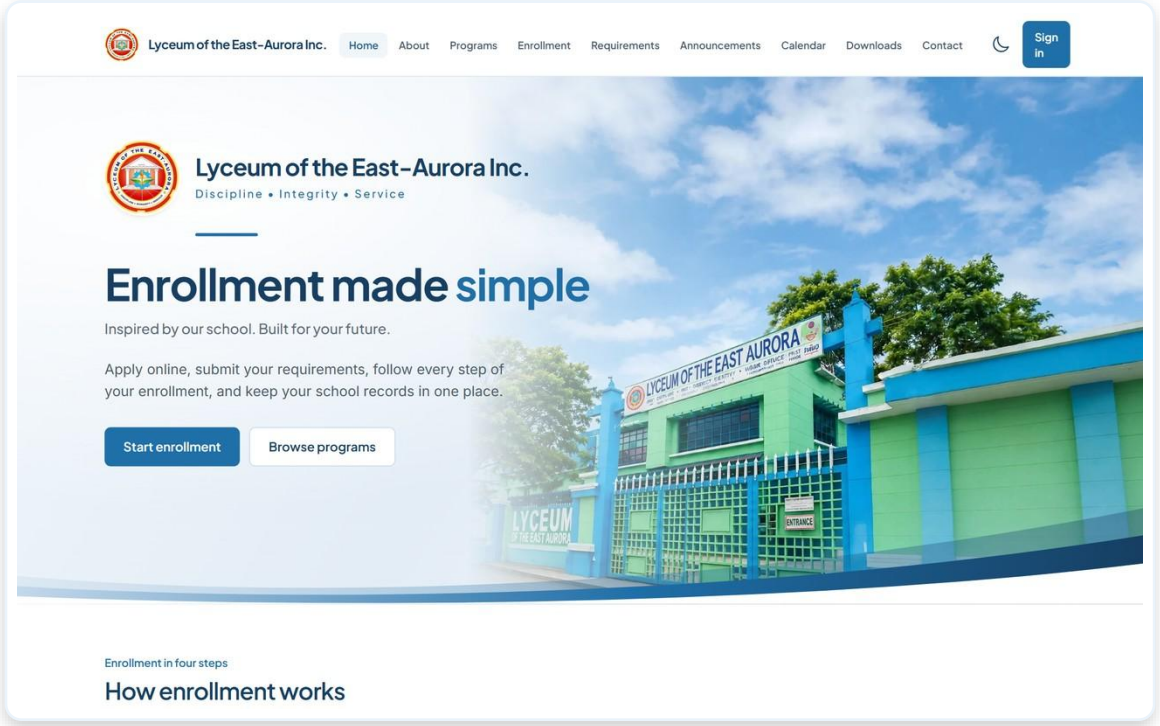

Hard to check

Who approved it? Is this ID real? The answer is buried in paper.

SchoolHub fixes all three.

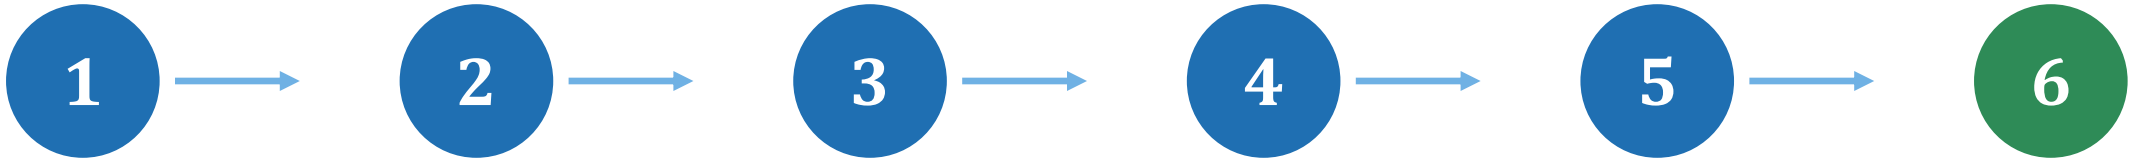

One system for the whole school office

- Students apply, pay, and follow their records online
- Staff work from role-based portals, each with only its own tools
- Walk-in students are served at the counter too
- Works in any browser, on a PC or a phone

The public landing page

One student's journey, from application to enrolled

1 Apply

Online, or at the counter

Student or registrar

2 Documents

Checked, or returned with a reason

Registrar

3 Approval

A section is assigned

Registrar

4 Fees

The assessment is created automatically

System

5 Payment

An official receipt is issued

Cashier

6 Enrolled

A student number is issued

System

Every step records who did it and when, so nothing depends on memory.

Five roles, each with its own portal

Student

- Apply and upload documents
- Pay and see the balance
- Schedule and grades

Teacher

- Record attendance
- Enter grades
- Class lists and schedule

Registrar

- Review and approve
- Sections and curriculum
- Student records

Cashier

- Fees and payments
- Receipts and ledger
- Cash book and reports

Administrator

- Accounts and roles
- Audit log
- Backups and settings

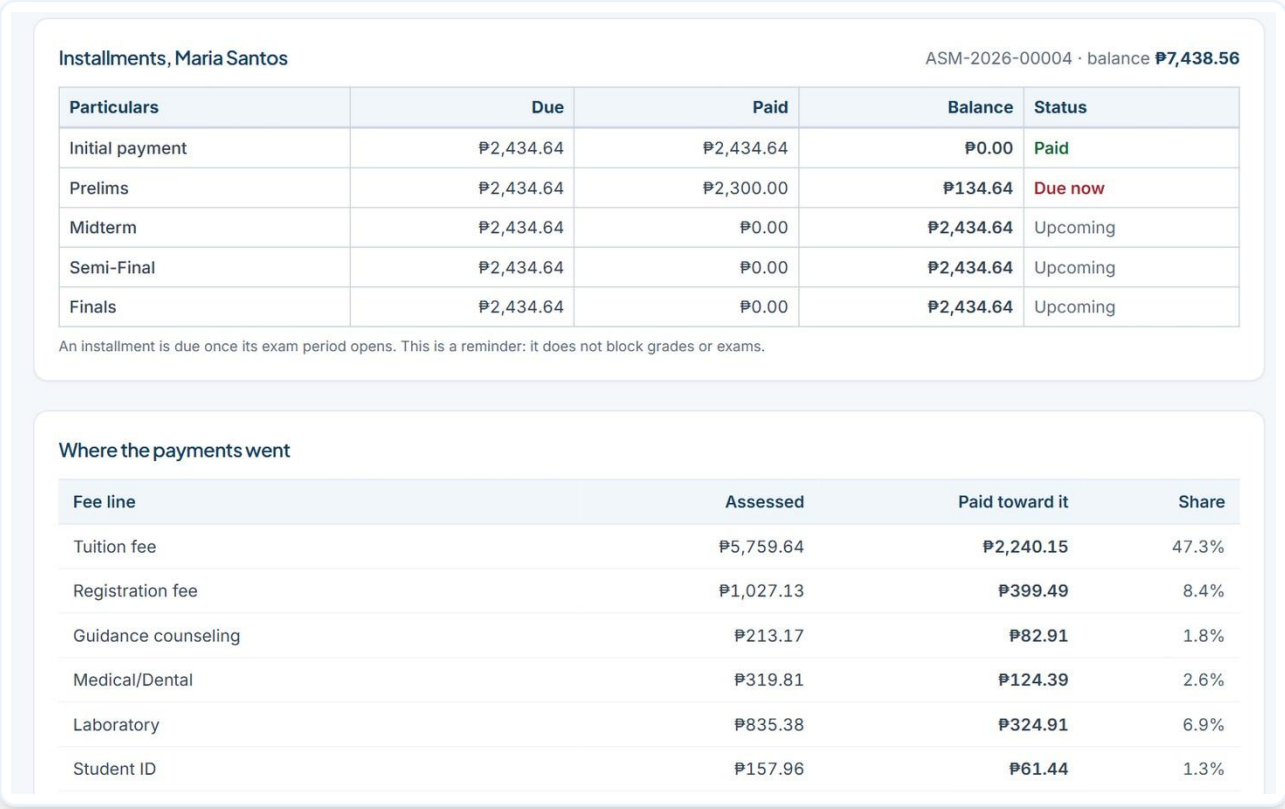

Walk-in enrollment, done in one pass

- Every mistake shown at once, not one per click
- Warns if the person is already registered
- Documents ticked and photo taken at the counter
- Submit goes straight to review. No shared passwords.

The registrar's documents step

The cashier sees the whole account at the window

Installments, Maria Santos

ASM-2026-00004 · balance **₱7,438.56**

Particulars	Due	Paid	Balance	Status
Initial payment	₱2,434.64	₱2,434.64	**₱0.00**	Paid
Prelims	₱2,434.64	₱2,300.00	**₱134.64**	Due now
Midterm	₱2,434.64	₱0.00	**₱2,434.64**	Upcoming
Semi-Final	₱2,434.64	₱0.00	**₱2,434.64**	Upcoming
Finals	₱2,434.64	₱0.00	**₱2,434.64**	Upcoming

An installment is due once its exam period opens. This is a reminder: it does not block grades or exams.

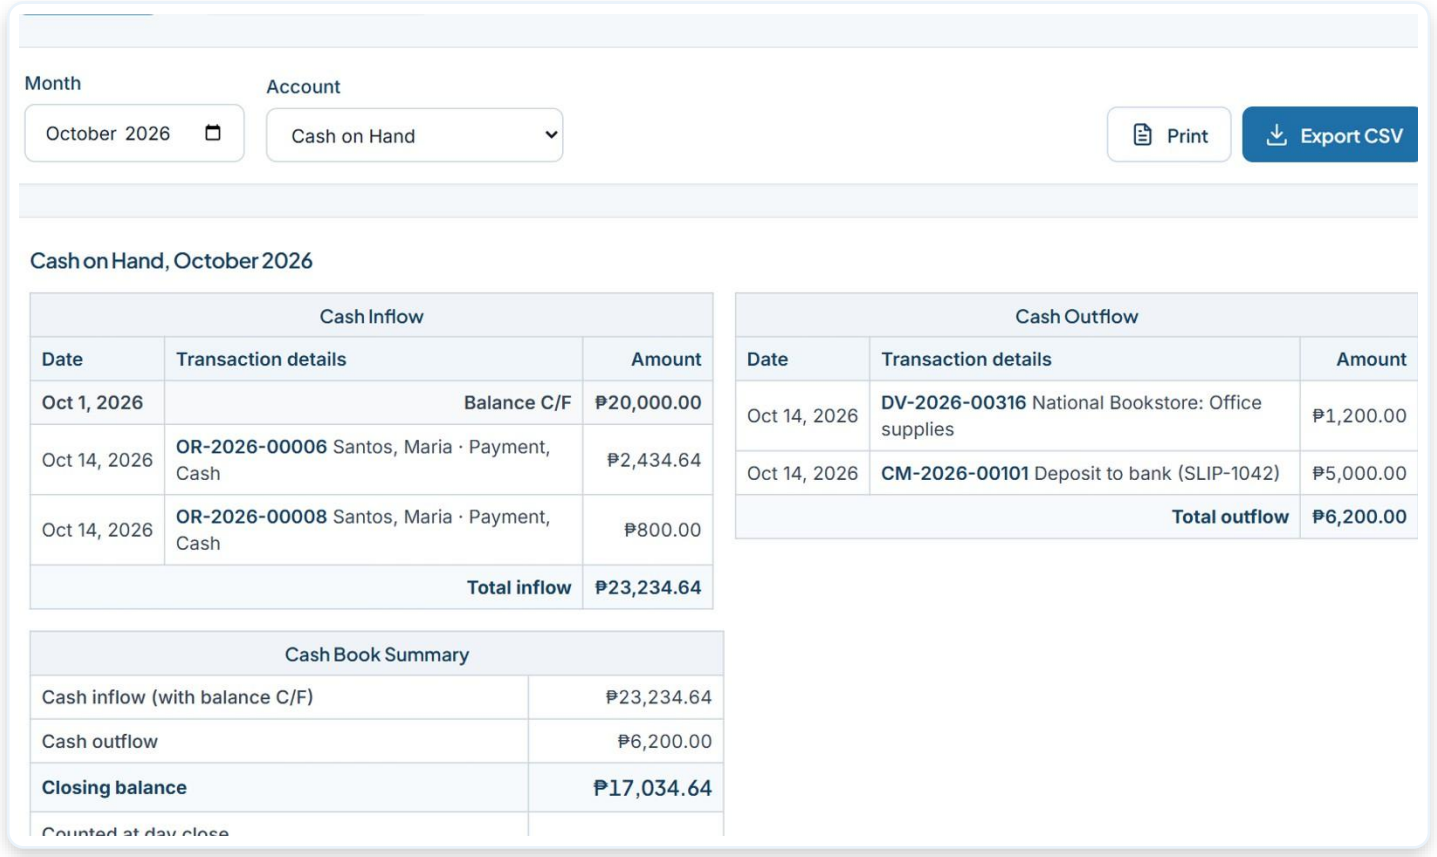

Where the payments went

Fee line	Assessed	Paid toward it	Share
Tuition fee	₱5,759.64	**₱2,240.15**	47.3%
Registration fee	₱1,027.13	**₱399.49**	8.4%
Guidance counseling	₱213.17	**₱82.91**	1.8%
Medical/Dental	₱319.81	**₱124.39**	2.6%
Laboratory	₱835.38	**₱324.91**	6.9%
Student ID	₱157.96	**₱61.44**	1.3%

Walk-in payments: installments, and where each peso went

- Installments and where each peso went, on one screen
- Quick buttons: next installment or full balance
- Numbered receipts. Payments are reversed, never deleted.
- Count the drawer, then close and lock the day

The school's books, computed, not retyped

Month: October 2026 | Account: Cash on Hand | Print | Export CSV

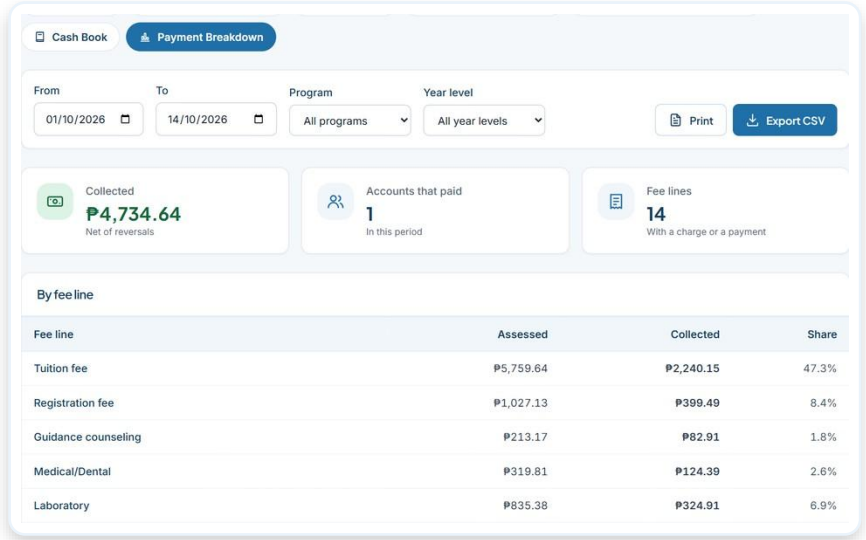

Cash on Hand, October 2026

Cash Inflow		
Date	**Transaction details**	**Amount**
Oct 1, 2026	**Balance C/F**	**₱20,000.00**
Oct 14, 2026	**OR-2026-00006** Santos, Maria · Payment, Cash	₱2,434.64
Oct 14, 2026	**OR-2026-00008** Santos, Maria · Payment, Cash	₱800.00
	Total inflow	**₱23,234.64**

Cash Outflow		
Date	**Transaction details**	**Amount**
Oct 14, 2026	**DV-2026-00316** National Bookstore: Office supplies	₱1,200.00
Oct 14, 2026	**CM-2026-00101** Deposit to bank (SLIP-1042)	₱5,000.00
	Total outflow	**₱6,200.00**

Cash Book Summary	
Cash inflow (with balance C/F)	₱23,234.64
Cash outflow	₱6,200.00
Closing balance	**₱17,034.64**
Counted at day close	

Cash book: cash in on the left, cash out on the right, balance carried forward

Cash Book | Payment Breakdown

From: 01/10/2026 | To: 14/10/2026 | Program: All programs | Year level: All year levels | Print | Export CSV

Collected: ₱4,734.64 — Net of reversals
Accounts that paid: 1 — In this period
Fee lines: 14 — With a charge or a payment

By fee line

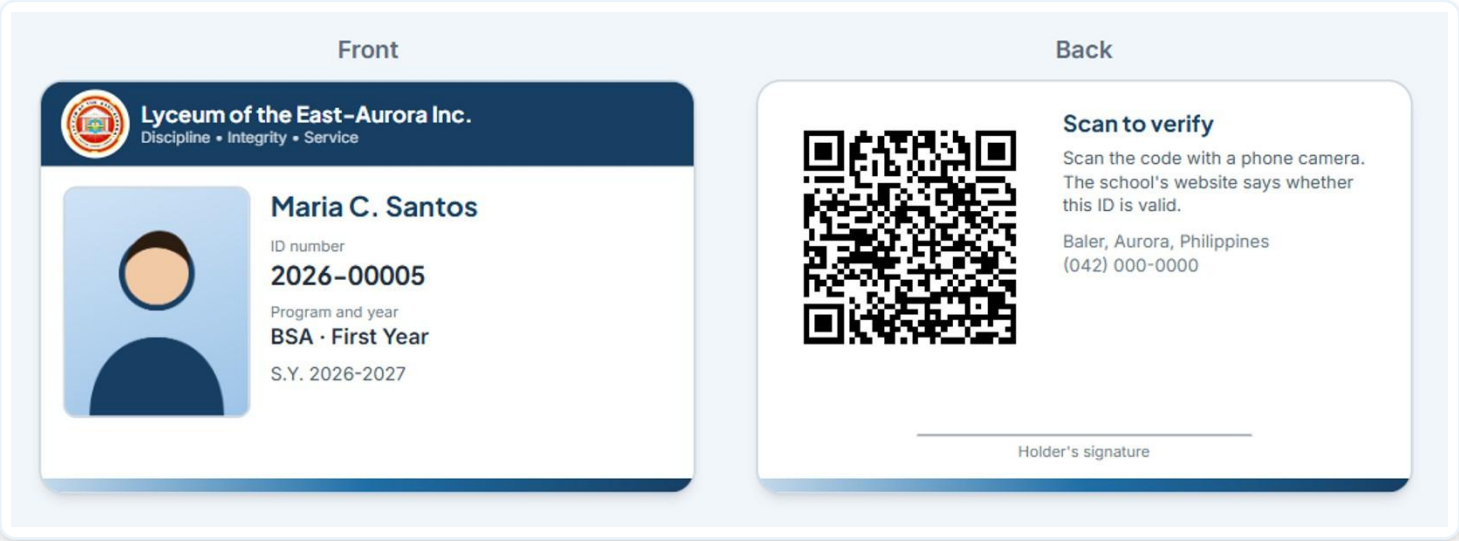

Fee line	Assessed	Collected	Share
Tuition fee	₱5,759.64	₱2,240.15	47.3%
Registration fee	₱1,027.13	₱399.49	8.4%
Guidance counseling	₱213.17	₱82.91	1.8%
Medical/Dental	₱319.81	₱124.39	2.6%
Laboratory	₱835.38	₱324.91	6.9%

Payment breakdown

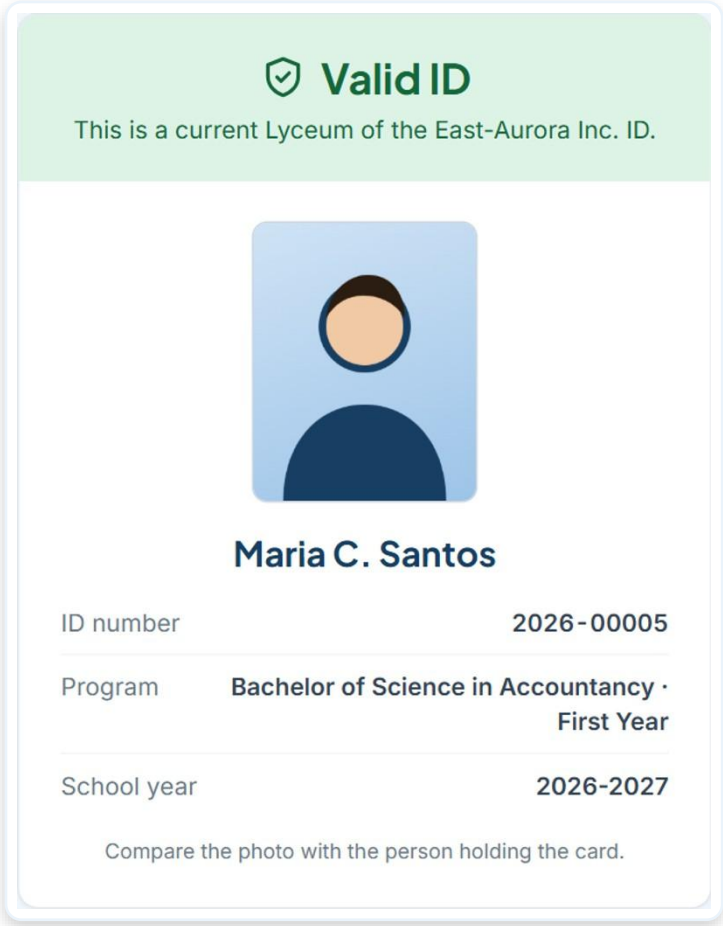

Where the money went: by fee line, by payment method, and by day

The general ledger and trial balance are computed from the same records, so they always agree.

An e-ID anyone can verify by scanning

- A random code, not the student number
- A scan shows only photo, name, ID number, program
- Lost card: reissue, and the old QR stops working

What a scan shows

Security and privacy are built in

Role-based access

Checked on every page, not only in the menu

Audit trail

Every important action is recorded and cannot be edited

Private files

Uploads are never public; only allowed people see them

Safe forms

Forgery and injection attacks are tested for

Strong sign-in

Hashed passwords, lockout, idle timeout, one-time links

Data privacy

RA 10173: consent recorded; only the minimum on the public ID check

Built and tested like a real system

399	2,703	30	37	0
automated tests	page and security checks	specification documents	tested database updates	outside libraries

Documentation first. Tests with every feature. Each update rehearsed on a copy before it goes live.

Running today, and what it costs to launch

Live today

- Running as a pilot on free hosting
- Works from enrollment to payment
- Email is off; links are handed over

Per year (estimate)	Cost
Domain name (.com)	₱700–1,200
Shared hosting with backups	₱1,800–5,000
Email service	Free–₱1,500
Total, roughly	**₱3,000–8,000**

Estimates only. Confirm current prices before buying.

Honest limits, and the next steps

Honest limits

- Email is off on the pilot
- Free hosting suits a pilot, not real student records
- Fee amounts for other programs are still to be entered
- The e-signature is an image, not a legal digital signature

Next steps

1. Set up email
2. Move to paid hosting, data kept in the Philippines
3. Load every fee schedule
4. Train the registrar and the cashier
5. Run one term as a supervised pilot
